Indian Naval Mutiny Broken; Riots Continue

BOMBAY, Feb. 23 (AP)—The British announced breaking of the Royal Indian navy mutiny both ashore and afloat at Bombay today amid continuing civil disorders.

As strikes developed here and in Calcutta, Mohandas K. Gandhi appealed to his countrymen to end "this thoughtless orgy of violence."

Casualties in Bombay since the beginning of the riots Thursday were estimated from city hospital reports to total 210 killed and more than 1200 injured. Of these 75 civilians were killed and 250 injured today up to 4 p. m. Two constables were killed and 50 policemen were wounded.

British troops and Indian police battled street mobs.

"On the whole," said a British communique issued in Bombay, "the situation shows improvement. Today rioting occurred in some areas of the city and there has been serious rioting in the mill area."

General headquarters in New Delhi announced that the striking Indian seamen, numbering almost 12,000, both in barricaded barracks in Bombay and aboard score of small war vessels in the harbor, had yielded unconditionally at 9 a. m.

A communique issued later by Lieutenant General R. M. Lockharts' advanced headquarters here said the mutineer-held vessels had signified their "desire to surrender unconditionally." The seamen were assured by a high naval officer that there would be no vindictive treatment of individuals involved, it said. The bulletin added that 1200 Royal Indian Air Force men were still refusing to work ,but that there had been no incidents involving them .

Gandhi, spiritual leader of India's millions of untouchables and an advocate of passive means to gain nationalist ends, issued at Poona his appeal for an end to violence.

"Let it not be said that the India of the congress (party) spoke to the world of winning swaraj (home rule) through non-violent action and belied her words in action—and that, too, at a critical period in her life," Gandhi said in his message, transmitted by Reuters.

About 300,000 Indian workers were reported involved in the Bombay and Calcutta strikes. These were called in sympathy with the Indian naval strikers, who have sought increased pay, better food, disciplinary action against the commander of H. M. I. S. Talwar for alleged improper treatment of seamen ,and speedier demobilization.

British troops fired repeatedly on crowds swarming the streets in the cotton mill area of Bombay.

In Karachi, 580 miles up the coast, demonstrators defied police who sought to move them from the Igdah Maidan (open space). The officers fired twice. The crowd stoned police vans moving up reinforcements.

Communist flags flew with congress party and Moslem emblems at a Calcutta rally in which speakers blamed the British and Indian governments for the unrest in Bombay and Karachi and adopted a resolution protesting the shootings at both cities.

Governments Censured.

NEW DELHI, Feb. 23. (AP) — The central legislative assembly adopted 74-40 today a motion of censure charging the government with mishandling the strike of royal Indian navy seamen in Bombay, Karachi and other centers.

The vote on the congress party motion came after the tense assembly heard Philip Mason, secretary of war in the Indian government, announce that there would be two inquiries into the strike—one by the military and another in which legislators would participate.

State Legislators Are Facing Big Job in Special Session

BOISE, Feb. 23 (AP)—Members of the Idaho legislature started packing their bags today for the journey to Boise and the opening Monday noon of an extraordinary session which will readjust the state government to a post-war basis.

Some lawmakers have termed the call by Governor Arnold Williams "a big order" to accomplish in the 20 days prescribed for a special session. The session can be extended by additional calls.

Williams' proclamation included requests for 22 appropriations, most of which are to take care of emergency needs arising from war conditions. These include increased operating costs, returning veterans' problems and resumption of war-halted highway and public buildings construction programs .

The democratic governor lays his program before a republican legislature . The senate is made up of 23 republicans and 21 democrats while the house is comprised of 30 republicans and 29 democrats.

Unless Williams acts in the next 48 hours and appoints a lieutenant governor, the upper house will be presided over by Republican Senator J. Elmer Williams, Bingham county, president pro tempore of the senate.

No Successor Named

The governor has not appointed a successor to the post he vacated last November when Charles C. Gossett resigned the governorship to accept a U. S. senate appointment. Williams said Thursday he would decide before the legislature convened if he would appoint a lieutenant governor.

The legislature will find the state's finances in the best condition in history, according to reports by State Treasurer Ruth Moon and State Auditor Ernest G. Hansen.

They have reported a surplus in state general fund of $4,000,000. This is all available to appropriation, but requests on file with the governor indicate at least all of that will be needed if the lawmakers accede to the demands.

Tentative requests from state agencies for appropriations total $5,700,000, but they will be considerably reduced in the gubernatorial recommendations that will be submitted.

Major requests in the gubernatorial call for legislation by the extraordinary session include:

Emergency construction at the state's mental hospitals at Blackfoot, Nampa and Orofino. The state planning board recommended the expenditure of $1,621,000 for needful buildings.

Meet the emergency needs arising from returning veterans at institutions of higher learning, also vocational training programs for veterans. This is estimated to cost about $350,000.

Legislation to alleviate a critical shortage of teachers in the state. Teachers organizations have been advocating a retirement system estimated to require an annual appropriation of $347,000. Also proposed are annual raises costing a total of $535,000.

Increased grants to the needy aged, dependent children and blind. One old age pension organization says $1,000,000 would be needed to raise the average grants 20 per cent from the current $32 average.

Establish a nonpartisan charitable institution commission with authority to manage all charitable institutions.

Raise state income tax exemptions to $1000 for single persons and $2000 for married persons. Present exemptions are $700 and $1500, respectively.

Germany Faces Critical Moment

By DEWITT MACKENZIE

HEREFORD, Germany, Feb. 23 (AP) —This is a critical moment in Europe's winter of privation and with several weeks of bitterly cold weather to come there are grave dangers to be overcome before spring brings relief.

The Germans who made the war have produced this chaotic position and are paying for their sins. Conditions vary in different parts of the country, but even here in the British zone where things are vastly better than the guilty inhabitants have any right to expect there is a threat of epidemics.

This is due to the unavoidable lowering of standards, shortage of coal and overcrowding brought about by the widespread devastation. As a result, emergency precautions have been taken in the way of providing hospitals, doctors and nurses.

Authorities say the real answer to the threat of epidemics is more food and this means importation because even in prosperous times Germany always has always imported heavily.

Actually the British have been exporting breadstuffs to help meet the crisis. The normal food ration allowed the Germans is 1550 calories a day although heavy workers are granted more.

However, doctors say 2000 calories are the minimum on which health can be maintained. One result of this is heavy infant mortality and in some other parts of Germany there are reports of epidemic conditions.

The big towns and industrial areas of the Ruhr are the ones hardest hit.

The farmers in many sections have been doing well despite a great shortage of fertilizer.

The National Whirligig

By RAY TUCKER

WASHINGTON, Feb. 23. — Although the ambitious leaders of the two older labor organizations—the INDEPENDENT ganizations—the reunited American Federation of Labor and the United Mine Workers—plan on an eventual merger with the Murray-Hillman C. I. O., they will not rush into a precipitate or premature marriage.

In view of the prospect that the alliance will mobilize more than 14,000,000 skilled and unskilled workingmen under one banner for the first time in the history of American industry, they feel that they can afford to bide their time while they develop their strategy.

Since labor is now involved in national politics as deeply as it is in economics, it is probable that any move for a reunion will be deferred till after the presidential contest of '48.

Even the C. I. O. bosses who lined up their followers behind the Roosevelt and Truman administrations—Sidney Murray and R. J. Thomas, head of the United Automobile Workers—now believe that they can obtain more benefits by pursuing an independent course in politics.

* * *

JEALOUSIES John L. Lewis will be the engineer the merger group when the proper hour arrives, but he has maintained close contact with the steel, textile, automobile and allied unions since he organized the C. I. O. in 1935 and then broke away from it after the 1940 election. He maintains an excellent intelligence service within the enemy organization.

He knows that the Murray-Hillman outfit is torn by factional and personal jealousies. Only a few days ago, when Murray held a strategy conference of steel, automobile and electrical chieftains at Pittsburgh, Thomas and Walter P. Reuther, vice president of the U. A. W., engaged in a fist fight. Reuther's communist elements make it almost impossible for Murray to preserve discipline.

* * *

WAR Many of the key heads of certain C. I. O. unions would like to return to the shelter of the A. F. of L., where substantial and better-led organization. They have so informed Mr. M. W. president.

But he prefers that the demand for merger and alliance come from within the C. I. O. itself. He believes that it will and he hopes to be crowned the distinguished czar of a fully organized labor group in the United

Naval Officer Escapes Sentence

WASHINGTON, Feb. 23 (AP)—The navy announced today that Captain Charles B .McVay, III, was guilty of negligence in the sinking of the Cruiser Indianapolis, but that the sentence had been remitted and he had been restored to duty.

At the same time ,the navy issued severe reprimands against four officers, two of them regular navy, for failure to act promptly when the cruiser became overdue.

Navy officials said the reprimands in the case of the regular officers might interfere with their future promotion.

McVay, commander of the Indianapolis, previously had been cleared by a court martial on another charge, of "culpable inefficiency." This was based on an allegation that he failed to issue a timely order to abandon ship before the cruiser went down July 30, 1945, between Guam and Leyte.

UAW, General Motors Recess Negotiations

(By The Associated Press)

Major developments on the labor front today:

1—General Motors corporation and the CIO United Automobile Workers recessed their negotiations over the week-end following a session from which "no particular progress" was made toward settlement of the 95-day strike.

2—William Green declared his American Federation of Labor will fight the Case labor bill "with all our collective and political strength."

3—City officials of Houston, Tex., went to court in an effort to bar picketing of public service plants after a threatened strike which would have paralyzed all public utility services was called off late yesterday.

No significance was attached by Federal Mediator James F. Dewey to the lengthy recess at Detroit, the first break in nine consecutive days of stepped-up negotiations by General Motors and the UAW.

The UAW international executive board said "several basic issues, plus local demands and the wage issue, are still not settled."

Green, the AFL chief, testified at senate labor committee hearings on the bill passed by the house to curb the use of "force, violence and compulsion" by labor unions.

Green denounced the measure as one inspired by an "angry hate for organized labor." He said it amounted to a "flat and permanent prohibition against the right to strike in usual and ordinary situations."

He particularly attacked provisions permitting damage suits for breach of contract not to strike and allowing federal court injunctions against violence.

John L. Lewis reentered the labor picture and although he would not predict a coal strike by his United Mine Workers he said he expected their problems to be settled upon the merits of the questions affecting the industry and not on President Truman's new wage-price policy.

The nation-wide work stoppage of 250,000 telephone workers remained scheduled for March 7, but federal conciliators were to attempt a settlement of the wage and hour dispute.

Work stoppages throughout the country kept idle about 970,000.

A transit strike was threatened in New York City, which would tie up street cars, elevated trains, buses and subways, but CIO President Philip Murray expressed willingness to explore the possibility of averting the possible work stoppage.

The milk strike in Detroit, closing 21 of the city's 32 dairies and cutting off supplies for thousands, entered its fourth day.

Hirohito Conducts Shrewd Campaign

TOKYO, Feb. 23. (AP) — Hirohito seems to be conducting a well-planned campaign for "re-election" as emperor these days.

He has behaved more like a democrat before his people during the last few months than any of his political leaders who are campaigning on "democratic" platforms.

The nervous, bewildered little man occupies the world's hottest throne. Probably by design, the allies have failed to give any indication of whether he will be subjected to a war criminal charge.

Presently the Japanese are hearing more unpleasant things about the throne, without perceptible reaction, than most of them imagine possible.

So Hirohito has turned toward what, in effect, is an international electorate.

Yalta Agreement Denounced by Some Chinese

CHUNGKING, Feb. 23. (AP)—Some delegates to China's national assembly denounced the Yalta secret agreement giving Russia rights in Manchuria as new "Quit Manchuria" demonstrations spread to several cities today—Red Army day.

A statement issued by a number of assembly delegates said the agreement, on which the Sino-Soviet treaty was based, "is contrary to the Atlantic charter and all other declarations of the United Nations."

It asserted that the agreement constituted a dark stain on Sino-American and Sino-British relations. It especially regretted the involvement of "our American friends, who always have stood for justice and friendship between the United States and China."

The delegates' statement charged that:

1. An autonomous movement exists in Sinkiang.

2. Government officials are unable to take over civil administration of Manchuria.

3. Chinese troops are unable to land at Dairen. (Moscow said the fact that Dairen was a free port precluded the possibility of armed troops being landed there.)

4. Destruction or removal by the Russians of Manchurian industrial equipment.

5. The raping of Chinese women in Manchuria.

6. The assassination of Chang Hsin-fu, government economic commissioner, in Manchuria.

The statement concluded, "We are determined to restore Manchuria to Chinese sovereignty and insist on withdrawal of Russian forces. We will continue to struggle until this end is achieved."

Retirement Plan For Congressmen Proposed

WASHINGTON, Feb. 23. (AP) — Capital Hill gulped today at the house leadership decision to take up a retirement benefit plan for congressmen.

Many members thumbed calendars and pondered the proximity of the fall elections as soon as they learned from Majority Leader McCormack (Dem., Mass.) that the legislation will reach the house floor next Wednesday.

They could take some solace, though, in the finding of the house civil service committee that the bill would give senators and representatives (cabinet members, too) "only that which they have earned and paid for, and not something for nothing."

The committee flatly denied the benefits contemplated in the bill of Representative Vinson (Dem., Ga.) are "pensions."

SEEK TO AVERT STRIKE

WASHINGTON, Feb. 23 (AP)—Conciliation conferences were held by the labor department today with representatives of the CIO Mine, Mill and Smelter Workers and the American Smelting and Refining company in an effort to avert a strike scheduled for Monday.

DIES IN BLAZE

SPOKANE, Feb. 23 (AP)—William West, 62-year-old logger, was burned fatally early today in a hotel fire, police reported.

Cardinals Embark On Round Of Functions

VATICAN CITY, Feb. 23. (AP) — New cardinals of the Roman Catholic church embarked today on a round of functions and receptions honoring them for their elevation during this historic week of religious pomp and pageantry.

Twenty-seven of the 32 new princes of the church were guests last night at Gregorian university for elaborate ceremonies in their honor and further functions and duties will occupy these latest members of the sacred college for many days.

They have yet to take possession of their titular churches, attend the papal audience to the diplomatic corps Monday and several social events.

Probably not again for generations will ancient Rome witness such a spectacle as during the week just past.

'Cooling Off' Period Precedes Argentine Voting

BUENOS AIRES, Feb. 23 (AP)—Argentina's turbulent presidential campaign entered a compulsory 24-hour "cooling off" period today, as a record total of more than 3,000,000 voters prepared to go to the polls tomorrow in the nation's first general election since 1937.

Both candidates for president — Colonel Juan D. Peron, former vice president who is supported by the labor party, and Jose P. Tamborini, who has the backing of a four-party coalition known as the democratic union—expressed confidence in victory.

The presidential campaign moved toward a dramatic climax last night with these developments:

1. Peron warned in a radio address that if there were any election fraud, violence would result which would be "remembered for centuries."

2. Police announced the arrest of at least 14 men, some of whom were identified as communists, in what the law officers termed a "terroristic" plot to make trouble in the elections.

3. Peron, in a reply to a U. S. state department blue book charging him with having collaborated with the nazis, accused the United States of spying in Argentina.

Russian Ship In Distress Off Alaska

MOSCOW, Feb. 23. (AP)—Generalissimo Stalin and Marshal Georgi Zhukov told the red army on its 28th birthday today that it must not rest on its laurels, but must strengthen its military might.

Stalin, in an order of the day, said that the army should "guard the peaceful creative labor of the Soviet people . . . and make the boundaries of our country unattainable for enemies."

The army newspaper Red Star devoted two-thirds of a page to an article by Zhukov in which he said red army "experience is so rich and diverse that for years it will have an enormous effect on the development of contemporary military science."

Ribbentrop Wants Churchill As Witness

NUERNBERG, Feb. 23. (AP)—Former nazi Foreign Minister Joachim von Ribbentrop requested today that the international military tribunal produce Winston Churchill as a witness and declared Churchill told him before the war that "England would destroy Germany if she should become too strong."

The former British prime minister headed a list of 36 Britons, Germans and French requested by Ribbentrop through counsel with the qualification that more names would be added later.

SEEKS DIVORCE

Wilfred Carlson has filed suit in district court in Missoula to divorce Jessie V. Carlson, Wallace, according to papers received at the sheriff's office for service.

Lower Meat Prices Forecast

WASHINGTON, Feb. 23 (AP)—Low-meat prices were forecast by Senator Thomas (Dem., Okla.) today despite administration concern that wage increases for packing industry workers may involve a price advance.

As chairman of the senate agriculture committee, Thomas has devoted a lot of years and effort to trying to raise farm prices. He said that right now the major factors in the situation point to a decline in meat prices due to a heavy supply.

The administration's problem is what to do about meat prices in view of a 19 cents an hour wage increase recommended for packing workers by a presidential fact-finding board.

The government already is paying subsidies to packers at the rate of $720,000,000 a year on the theory that the spread between meat ceiling prices and costs are so narrow that the industry must have the payments for a fair return on operations.

Dr. Robins Visits In South Idaho

POCATELLO ,Feb. 23 (AP)—Dr. C. A. Robins, St .Maries, candidate for the republican nomination for governor, predicted today that the state's voters will elect candidates "who offer something other than lip service to the veteran."

Dr. Robins, who visited Pocatello briefly before going to Ashton for yesterday's dog derby, said he believed the voters will demand a sound system and a first class system of education.

Charges Economy Being Remade

SALT LAKE CITY, Feb. 23. (AP)—A former United States senator from Connecticut asserted today that conditions resulting in scarce commodities and increasing living costs "do not simply happen—they are being made to happen."

"The new dealers in Washington have a fixed and definite purpose to remake the American economy—their way," charged John A. Danaher, former republican senator from Connecticut.

He spoke at a conference of republican leaders from 11 western states and Alaska. The sessions conclude this afternoon with adoption of a statement of the party's stand on problems of particular interest to the west .

Danaher told delegates that decisions made by federal "bureaus and agencies are by people you don't know and never elected."

"They make commitments," he said, "from which there is no retreat. They leave us bound by the results. They are on the vast scale involved in continued dificit financing with its inflation producing results taking purchasing power from the dollars of the poorest as well as the wealthiest of our people.

"They touch the returning veteran who finds himself overwhelmed with red tape as he seeks to buy an item of surplus property for use in his business."

Colonel Burnett Wins Army Honor

HEADQUARTERS ALASKAN DEPARTMENT, Feb. 23.—Lieutenant Colonel Donald L. Burnett, son of Mr. and Mrs. E. H. Burnett, Wallace, has been awarded the Legion of Merit for exceptionally outstanding performance of difficult tasks during the period August 15, 1943, to February 10, 1946, it was announced today.

Colonel Burnett entered the service in January, 1942, and has served at Fort Lewis, Wash., Camp Adair, Ore., and Fort Ord, Calif. He received his oversea assignment to Kiska island in the Aleutians in July, 1943, later serving on Adak island. He has served in the Alaskan department quartermaster section at Fort Richardson, Alaska, since July, 1945.

His citation declares that "As executive officer to the force quartermaster and as force quartermaster, amphibious training force 9, Kiska, Alaska, Lieutenant Colonel Burnett was largely responsible for the outstanding manner in which the task force was supplied and serviced under extremely difficult and rigorous battle conditions. In January, 1944, Lieutenant Colonel Burnett personally supervised and co-ordinated the removal and disposition of enormous supply excess widely dispersed throughout the island of Kiska. His energy, foresight and keen judgment were evidenced in the outstanding character of the service rendered by him in this mission. While serving as executive to the post quartermaster, Adak, Lieutenant Colonel Burnett through his outstanding leadership accomplished the tremendous task of consolidating quartermaster supplies and revitalizing the services performed by quartermaster personnel on the island. His high sense of responsibility, initiative, exceptional judgment and manifest devotion to duty invariably served to inspire those individuals under him to greater efforts. By these accomplishments, Lieutenant Colonel Burnett rendered invaluable service to his country and reflects great credit upon himself and the military service."

A certified public accountant in civilian life, Colonel Burnett is a graduate of Wallace high school and of the University of Idaho. He will leave the Alaskan department soon for separation from the army and plans to return to his former occupation.

STUDENTS DEMONSTRATE

Yamashita Dies On Gallows

MANILA, Feb. 23 (AP)—Lieutenant General Tomoyuki Yamashita, one-time bemedalled conqueror of Singapore, was hanged on a floodlighted gallows before dawn today as a Japanese war criminal, wearing patched and slouchy American khaki fatigues.

His last words a prayer "for the emperor's long life," the despoiler of Manila died in disgrace in a cane field along with two subordinates.

The body was sewed in canvas and carted away to a grave marked only by a white post and Yamashita's army identification tag, as were those of the Japanese soldiers buried on either side whose misdeeds sealed his doom.

State Legislators Leave For Boise

State Senator Phil Ryan, Burke, and State Representative W. C. Smith, Osburn, left by plane today from Coeur d'Alene for Boise to attend the special session of the Idaho legislature opening Monday noon. Fred Gerner, Mullan, the other state representative, also will attend the session. All are democrats.

Also on the south-bound plane from the Lake city this morning was J. A. Bover, Wallace, who will be a judge at an Elks lodge ritualistic contest in Blackfoot tonight.

Charges Students Lack Advantages

BOISE, Feb. 23 (AP)—Idaho's state government pays only 17 per cent of the cost of educating public school students as compared with 60 per cent paid by the state in Washington, G. C. Sullivan, Idaho superintendent of public instruction, said today.

"The children of Idaho," Sullivan said, "are due an equal chance for education with children of other states.

"Even within the state the children do not have the same educational advantages, as some district, due to a high evaluation, can and do have more funds with which to build better buildings and employ better teachers.

Won't Tie Pensions To Liquor, Gambling

BOISE, Feb. 23 (AP)—An Idaho Independent Voters league official criticized today reports he said were current that efforts would be made at the special legislative session beginning next Monday to use old-age pensions "as an excuse for passing liquor-by-the-drink and gambling legislation."

Executive Secretary Harold Howell said his group will oppose any attempt to finance increases in old-age pensions by levies on liquor sales or gambling.

He said the legislature will be asked for at least $1,000,000 so that grants to the aged, dependent children and blind may be increased. A minimum of $30 monthly in old-age payments is the eventual goal, but that amount will not be demanded until 1947, Howell said. The current drive is for a $40 minimum.

Bags Of Seed Save Passenger's Life

BOISE, Feb. 23 (AP)—Bags of seed piled in the cabin of a private plane may have saved the life of a passenger. The craft's pilot was killed.

The plane, operated by Johnson flying service, crashed Thursday in a snow-filled ravine in a mountainous area near the Anderson ranch dam. It was being used to scatter seed on a burned-over area.

Pilot Bill Yaggee ,35, of Cascade and Missoula, Mont., was killed. His passenger, Bob McBride, 32, of McCall, received only a dislocated shoulder.

The plane was based at College field, Boise, and attendants there said McBride's life probably was saved because he was riding behind bags of seed in the read of the cabin. The loose seed cushioned the shock of the impact.

St. Regis Rancher Takes Own Life

SUPERIOR, Feb. 23 (AP)—Believed to have been despondent owing to illness ,the coroner said, James McConville, 47, rancher, killed himself yesterday outside his home near St. Regis by firing a shotgun charge into his head.

McConville, who was also interested in mining, was a native of North Dakota, where his parents and other relatives reside. He had lived here about 10 years.

Jane Butler Bride Of Charles Wilks

Jane Butler and Charles Wilks, both of Wallace, were married in Superior ,Mont., yesterday by the Rev. Ellen Rose. The bride is the daughter of Mrs. Arthur Manteuffel and he is the son of Mr. and Mrs. Ray Wilks.

The bride is a graduate of Wallace high school and attended the University of Montana. He also attended the local schools and served seven years in the army. He spent 22 months overseas and was in the battle of Attu.

They left on a wedding trip to Missoula and will make their home here where he is associated with his father in carpentering.

ENLIST IN ARMY

Vincil L. Hansen, Fred P. Hayslip and William N. Young, Wallace, and Earldean L. Ketten, Kellogg, enlisted in the army at Spokane. Ketten and Hansen enlisted in the air force and seek assignment in the Pacific theater. Hayslip and Young requested ordnance assignment in the China theater. All enlisted for three years.

Complaint Against Club Inadequate

BOISE, Feb. 23 (AP)—District Judge Charles E. Winstead has ruled that a portion of the complaint brought against the Aero club of Boise charging maintenance of a moral nuisance is inadequate.

He gave the plaintiffs, representatives of the Allied Civic Forces, 10 days to file an amended complaint.

The original complaint charges that slot machines, punchboards and liquor—which the suit alleged the club possessed—constituted a moral nuisance to the community.

Rev. E. W. Johnson At Silverton Church

Beginning tomorrow the Rev. Eric W. Johnson, Wallace, will assist in regularly conducted Sunday school work at the Silverton Sunday school which meets in Memorial hall at 10:30 a. m. New classes will be added, including an adult class and one for young people of high school ages.

A gospel service will follow Sunday school at 11:15 with the Rev. Mr. Johnson as speaker. Sunday the Rev. Mr. Steele of the Fuller Foundation will be guest speaker and the public is cordially invited.

Hays Returns As USES Director

Colonel S. D. Hays, lifelong Idaho resident, now on terminal leave after five years army service, has returned to his post as state director of the United States employment service for Idaho.

Colonel Hays was state director for three and one half years prior to his entrance into active army service in April, 1941.

States.

An immediate, bread-and-butter reason for not seeking a merger at this time is the C. I. O.'s current attempt to obtain higher wages in its numerically strong unions.

Any Lewis-Green intervention now might weaken that effort and provoke resentment among the rank and file of the striking organizations. When they have won their present battles, it will be time enough to talk about consolidating their post-war gains by reaffiliation with the A. F. of L.

REPATRIATION Josef Stalin's inauguration of another rugged Five-Year Plan for starving Russia gives force to a recent remark made by Licutenant General Joseph T. McNarney which escaped general notice. It suggests that many soviet soldiers do not want to go back to their bombed-out homes and further hardships after they have seen Paris, Berlin, Vienna or even Bucharest.

In explaining the enforced return of certain communists from the American zone, the United States commander said that he was repatriating only those Russians wanted by Moscow on the ground that they had given traitorous service to Hitler during the war.

He implied that many red soldiers and civilians within the American and British jurisdictions were not anxious to live under the sickle and the hammer any longer.

* * *

DIFFICULTIES Other reports corroborate this suspicion. It is said that almost 2,000,000 of Stalin's troops have deserted their units in Germany, Austria and western Poland, and are living off the land and by depredations of the countryside. Having struggled and sacrificed under earlier Five Year Plans—the first was launched in 1928—they want a higher standard of living.

The red soldiers saw central and western Europe under the worst of conditions, but even so, they were amazed at what impressed them as luxury. Despite the shortages prevalent in Poland, Austria and the Balkans, it was heaven by compariosn with their lot back home. They paid fabulous prices for cheap trinkets and other articles salvaged from the ruins of Berlin and other German cities which they occupied.

Russian experts here wonder how returned Russian soldiers will react to their European experiences and adventures. They point out that the vast "citizen army" which the soviet mobilized during the conflict may not prove so amenable to the party line and discipline as the recruits were before they saw how the non-soviet part of the world lives.

It may be that the man in the Kremlin, like President Truman and Prime Minister Attlee, also has his domestic difficulties.

* * *

RELUCTANCE President Truman is not letting his domestic and world problems get him down. By actual count, the chief executive attended four full dress dinners and an afternoon tea during the week which witnessed the climax of the Bevin-Vishinsky, the Murray-Fairless and the Thomas-Wilson controveries. It was with great reductance that he postponed his vacation in Florida. — Copyright McClure Newspaper Syndicate.

Flashes Of Life

TROY, N. Y., Feb. 23. (AP) — The Robert A. Dennisons, father and son, are competing for scholastic honors at Rensselaer Polytechnic institute under the G. I. bill of rights.

Both men, veterans of World war II, entered the sophomore class last September. Dennison Senior served with the air force and his son was enrolled in the navy's V-12 program at Colgate.

WASHOUGAL, Wash., Feb. 23. —A woman leaned toward Grocer A. J. Surbeck with the usual whisper, "Have you any butter?"

Surbeck whispered back his usual "No."

"Then, maybe," beamed the woman, "you'd like to have the two pounds extra I churned this week."

Before the grocer was able to recover from the shock and answer yes, a storeful of customers swamped the woman and swept off with her butter.

HERINGTON, Kans., Feb. 23. (AP) —Mrs. Warren Ives will be able to use her new clothes line just any day now. Or at least as soon as the Rev. Mr. Ives, her husband, hauls a few more wheelbarrows of dirt.

The pastor heeded his wife's injunction to build a new clothes line and he built one—strong and high—so high his wife on tiptoes could not reach it.

That is why he is now getting his daily dozen by moving dirt with a wheelbarrow bringing the level of the ground closer to the line.

St. Maries	4	9	383	478
Mullan	1	12	347	499

Scores Last Night

Kellogg 36, Wallace 25.
Sandpoint 43, Mullan 34.
St. Maries 38, Bonners Ferry 34.

Games Tonight

Kellogg at Mullan.
Coeur d'Alene at Bonners Ferry.
St. Maries at Sandpoint.

The possibility of two ties—a tie for second and a three-way tie for fourth—in the final standings of the Panhandle Class A basketball conference developed today.

If Kellogg wins from Mullan tonight, the Wildcats and Priest River will be tied for second. If Coeur d'Alene defeats Bonners Ferry and Sandpoint wins from St. Maries, then Wallace, Bonners Ferry and Sandpoint will be tied for fourth.

In that event, coins will be flipped to determine the standings so far as tournament pairings are concerned, for the pairings are based on the final conference standings. This probably will be done Monday at a meeting of coaches.

Tournament pairings will be as follows: No. 1 vs. No. 5, No. 2 vs. No. 6, No. 3 vs. No. 7 and No. 4 vs. No. 8, with No. 1 and No. 2, the favorites, in opposite brackets.

An underdog St. Maries team made the three-way tie for fourth possible last night by upsetting Bonners Ferry, 38-34, at Bonners. At the same time Sandpoint was downing Mullan, 43-34, on its home court.

Tonight's games wind up the conference schedule, and Priest River and Wallace already have completed their games . The tournament will be held next week-end in Kellogg.

Kellogg Defeats Wallace

KELLOGG, Feb. 23—Chaney, a fiery little guard, paced the Wildcats of Kellogg high school to a 36 to 25 victory over Wallace last night and boosted the locals into a position where a victory over Mullan tonight at Mullan will give them a second place tie with Priest River in the conference standings.

Chaney accounted for 17 of his team's points and his defensive play was also outstanding.

The game was a see-saw affair in the initial quarter with the Wildcats in front 8 to 7 as the buzzer sounded but the end of the half saw them ahead by a 21-15 margin and the Miners at no time narrowed that gap during the final periods.

Kellogg's fast break caused the Wa-Hi quintet to foul frequently and two Miners were lost via the five-foul route midway in the fourth quarter. Twelve Kellogg points were scored from the free-throw line while the Miners connected for nine gift tosses on the 18 fouls charged against Kellogg. Chaney was lost to Kellogg on fouls in the final minute of play.

Edwards, guard, led Wallace with six points and Tissaw and Larsen connected for five apiece. T. Turnbow, Kellogg center, did a neat job of bottling up Larsen throughout the game.

The summary:

Wallace (25)	FG	FT	PF	T
Tissaw, f.	1	3	2	5
Stalwick, f.	0	1	5	1
Larsen, c.	2	1	3	5

Driver Wins Fourth Dog Derby Title

ASHTON, Feb. 23 (AP)—Plenty of rest was the order today for Everett Heseman's five-dog team which yesterday brought the local driver his fourth American dog derby championship and $360 in first place money.

Second place was worth $324 to Austin Neeley of Teton basin. Heseman's winning time of 47 minutes, four seconds over a slushy 10-mile course was six minutes, 55 seconds slower than the record set by him in 1941. Neeley's time was 47 minutes, 57 seconds .

Approximately 6800 fans witnessed the derby.

(By The Associated Press)

Idaho stood alone at the top of the Pacific Coast league northern division standings today, thanks to the University of Washington Huskies who knocked Oregon State College's Beavers out of their previous tie with the Vandals with a 47-41 victory at Seattle.

Meanwhile, Washington State college lessened Oregon University's hope of snagging as much as third place in the red-hot race by ignoring its cellar position and winning 67-61 at Pullman.

Idaho, idle last night and tonight, will entertain Oregon Monday and Tuesday nights .

Washington ended a seven-game losing streak with its win by snagging an early lead and holding it to the final gun. The Huskies' attempt at stalling in the last three minutes almost ended disastrously as the Beavers narrowed the gap to six points.

Erling Anderson was high for the game with 13 points for the Beavers.

At Pullman it was Forward Gale Bishop who sparked the Cougar attack, keeping the basket hot for a total of 30 points, nine of them in the last two minutes as he turned on the form that made him the nation's leading scorer last season.

Washington State took an early lead, lost it, but rallied and was ahead 35-29 at the half. Then Oregon moved ahead only to be overcome by a WSC attack. Things remained virtually even until the final Cougar display of marksmanship.

Fishing Streams Are Designated

All tributaries of the North Fork will be closed to fishing this season except the Little North Fork, Beaver creek, Prichard creek, Big Creek, (Shoshone creek), and Deep creek from the junction of Tepee creek to the junction of Jordan creek, according to the 1946 fishing regulations approved by the state game and fish department.

All tributaries of the St. Joe from Trout creek to the source will be closed except Big creek, Marble creek to the junction of Homestead creek ,Slate creek, Fishhook creek, North fork of the St. Joe to the junction of Loop creek, Sisters creek and Simmons creek to the first fork.

The Little North Fork (tributary of the Coeur d'Alene river) in Kootenai county will be open from its mouth to the junction with Iron creek.

These regulations closely follow the recommendations of the Shoshone County Sportsmen's association.

ESTHER CIRCLE TO MEET

Esther Circle, O. E. S., will meet at 2 p. m. Wednesday at the Masonic temple for a special business session. All members are urged to attend.

Frances Keller Leads Bowlers

Frances Keller is pacing Women's league bowlers at the end of the second round of play with an average of 155 for 63 games, according to statistics released today. Lena Martini is second with 154 and Lena Hough and Helen Papalaw are tied for third with 152 each. Eulah Atkinson, with 151, is the only other bowler with an average of 150 or better.

Marjorie Britt has the record for the high handicap single game of the round, 216 plus 14, for 230, and Jane Dunphy has the high total, 527 plus 36, 563. Louie's has high single game, 863, and Jitterbug high team total, 2460.
